VISION

- To develop the Hong Kong Park in the Loop into a world-class I&T hub which connects the Mainland and the rest of the world, as well as act as a crucial source of new quality productive forces for our country

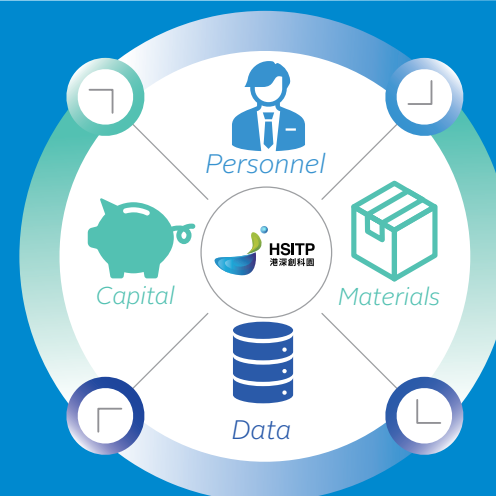

MISSION

- To lead Hong Kong to better integrate into the overall development of the country
- To foster new impetus for developing Hong Kong into an international I&T centre
- To promote the high-quality economic development of Hong Kong
- To facilitate the development of an international I&T hub of the GBA

Four Directions of Planning and Development

Innovative Policy Measures to Promote Convenient Cross-Boundary Flow of Innovation Elements
